The Society for Basic Urologic Research (SBUR) was formed in 1986 and is the pre-eminent US-based urologic research society. Our members include molecular and developmental biologists, oncologists, immunologists, epidemiologists, andrologists, biochemists, bioinformaticians, and clinical urologic surgeons scientists from academia, industry and government. SBUR scientists' expertise includes the study of urologic cancers (prostate, bladder, kidney, testis, penis), the biology of benign diseases of the prostate, bladder and kidney, developmental biology, kidney and bladder function, autoimmune urologic diseases, infectious diseases, neuro-urolologic diseases, male reproductive biology, infertility and erectile dysfunction.

Our members are based around the globe, including in the United States, Europe and Asia. The active membership of SBUR includes 234 PhDs, 145 MDs, 39 MD/PhDs and 52 other Researchers.

The SBUR 2019 Annual Meeting entitled, “Novel Discoveries in Urology: Big Data to Microbiome” provides a unique environment to learn about the most recent advances in basic, translational and preclinical urologic research, in addition to providing a dynamic forum for discussing how these advances could be implemented for the prevention and treatment of urological diseases.

Much has been learned over the last decade regarding the molecular determinants and key pathways that regulate normal and disease processes, and a wide variety of novel therapeutic and diagnostic strategies have emerged as a result. Thus, this year’s meeting will focus on a few areas that are emerging as the cutting-edge advances in urology, including:

1) Big data (genome, transcriptome, proteome, and metabolome) analysis that is driving the personalized and precision medicine initiative;
2) Endocrine and metabolic dysfunctions that have not been well studied in urologic diseases;
3) Immunology and immunotherapy that urology is lagging behind other fields;
4) Benign urologic disease that is the focus of several NIDDK-funded O’Brien centers and P20 programs;
5) Innovative technologies that have emerged in urologic research; and,
6) Microbiome and inflammation that are pushing forward our knowledge to a new level.

Following completion of these educational programs, participants will know and be able to:

- Highlight recent findings in studying the basic mechanisms of urologic diseases in the areas of transcriptome, genome and epigenome, metabolism, immunology, microbiome, therapeutics, and diagnostic/prognostic markers.
- Identify critical knowledge gaps and stimulate approaches to address them.
- Disseminate and facilitate novel discoveries in urologic diseases.
- Highlight the cutting-edge advances in urological cancer therapeutics including mechanisms of resistance and novel approaches in overcoming resistance.
- Update the outcomes of recent clinical trials on potential new drugs.
- Compare and discuss emerging clinical biomarkers for prostate cancer detection.
- Showcase the new tools in analysis of big data generated from omics studies.
- Demonstrate the potential new targets in urological cancers.
- Learn the novel technologies in urologic research.
- Update cancer immunology and immunotherapy in urological cancer field.
- Understand the role of microbiome and inflammatory microenvironment in malignant urologic diseases.
- Describe leukocytic phenotypes in BPH and how they contribute to disease progression.
- Understand the importance of basic research in benign urologic disease.
- Understand how therapeutic intervention targeted to the epigentics might be useful for the treatment of urological cancer.
- Learn tools essential for the successful training of young investigators for careers in urologic diseases and cancer.

THURSDAY, NOVEMBER 7, 2019

2:00 - 8:30 p.m.  Registration

3:00 - 5:00 p.m.  Trainee Affairs Career Symposium
Larisa Nonn, PhD
Trainee Affairs Committee Chair
University of Illinois at Chicago
Chicago, IL

Arun Sreekumar, PhD
Trainee Affairs Committee Co-Chair
Baylor College of Medicine
Houston, TX

6:00 - 6:10 p.m.  Welcome & Introductory Remarks
Allen Gao, MD, PhD
SBUR President
University of California at Davis
Davis, CA

Keynote Session  6:10 - 8:00 p.m.

6:10 - 7:10 p.m.  Leland W.K. Chung Lecture
Functional Genomic, Proteomic and Bioinformatics Approaches to Understand Cancer Biology and Discover Clinical Biomarkers (temporary title)
Arul M. Chinnaiyan, M.D., Ph.D.
Director, Michigan Center for Translational Pathology
S.P. Hicks Endowed Professor of Pathology and Urology
American Cancer Society Research Professor
Investigator, Howard Hughes Medical Institute Comprehensive Cancer Center
University of Michigan
Ann Arbor, MI

7:10 – 7:25 p.m.  Discussion

7:25 – 7:50 p.m.  Prostate Cancer Update 2019: from Genetics to Clinical Trials
Oliver Sartor, MD
Tulane University
New Orleans, LA

8:00 - 10:00 p.m.  Welcome Reception and Networking
FRIDAY, NOVEMBER 8, 2019
Plenary Session I: Big Data as Engines for Discovery 8:00 - 12:00 p.m.

**Discussion Leaders**
- Natasha Kyprianou, PhD
  University of Kentucky
  Lexington, KY
- Jindan Yu, PhD
  Northwestern University
  Chicago, IL

8:00 - 8:20 a.m.  UALCAN: an Integrated Data Mining Platform for Comprehensive Analysis of Cancer Transcriptome and Novel Target Discovery
Sooryanarayana Varambally, PhD
University of Alabama-Birmingham
Birmingham, AL

8:20 – 8:30 a.m. Discussion

8:30 – 8:50 a.m. Does Tumor Heterogeneity in Molecular Subtypes of Bladder Cancer Affect Clinical Outcome?
Vinata B. Lokeshwar, PhD
Augusta University
Augusta, GA

8:50 - 9:00 a.m. Discussion

9:00 - 9:20 a.m. The Role of miR-21 in Prostate Cancer Development and Progression
Shawn E. Lupold, PhD
Johns Hopkins Hospital
Baltimore, MD

9:20 - 9:30 a.m. Discussion

9:30 – 9:40 a.m. Travel Award Presentation #1:
TBD

9:40 - 9:45 a.m. Discussion

9:45 - 10:00 a.m. Break

10:00 - 10:20 a.m. Epigenetic Landscape Reveals Druggable Driver Genes for Tumorigenesis
Kaifu Chen, PhD
Houston Methodist
Houston, TX

10:20 - 10:30 a.m. Discussion

10:30 - 10:40 a.m. Travel Award Presentation #2:
TBD

10:40 - 10:45 a.m. Discussion

10:45 - 11:05 a.m. Probing the Transcriptional Landscape of the Bladder Following Spinal Cord Injury
Rosalyn Adam, PhD
SBUR Vice President
Boston Children’s Hospital and Harvard Medical School
Boston, MA

11:05 - 11:15 a.m. Discussion

11:15 - 11:35 a.m. Epigenomic Approaches to Discover Transcriptional Vulnerabilities of Prostate Cancer
Qianben Wang, PhD
Duke University
Durham, NC

11:35 - 11:45 a.m. Discussion

11:45 – 11:55 a.m. Travel Award Presentation #3:
TBD

11:55 – 12:00 p.m. Discussion

12:00 - 1:30 p.m. Lunch

Society for Basic Urologic Research (SBUR)

2019 ACCREDITATION INFORMATION

Accreditation Statement: CME Credit Provided by AKH Inc., Advancing Knowledge in Healthcare. This activity is jointly provided by AKH Inc., Advancing Knowledge in Healthcare and Society for Basic Urologic Research, Inc.

Physicians: This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of AKH Inc., Advancing Knowledge in Healthcare and Society for Basic Urologic Research, Inc. AKH Inc., Advancing Knowledge in Healthcare is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for Physicians.

AKH Inc., Advancing Knowledge in Healthcare designates this live activity for a maximum of 17.75 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Physician Assistants: NCCPA accepts AMA PRA Category 1 Credit™ from organizations accredited by ACCME.

Credit Designation Statement: This activity is approved for 17.75 AMA PRA Category 1 Credit(s)™. See final CME announcement for specific details.

Americans with Disabilities Act: Event Staff will be glad to assist you with any special needs (i.e. physical, dietary, etc.) Please contact the SBUR prior to the live event. Contact SBUR for privacy and confidentiality policy statement information at sbur@affinity-strategies.com

Acknowledgment: This activity is supported by an educational grants from Astellas, AstraZeneca, Pfizer, Bristol-Myers Squibb, and Merck & Co., Inc.

Trainee Affairs Symposium Dinner*
Friday, November 8, 2019 • 7:15 p.m.
☐ Will attend ☐ Will not attend

*Cost of dinner will be at your own expense

PAYMENT INFORMATION
Full payment must accompany registration form.
Registration forms received without full payment will be returned for completion.

☐ Check Enclosed Check # __________

Mail to: SBUR
121 West State Street
Geneva, Illinois 60134

For credit card payments visit www.sbur.org or call 630.463.9015 to register over the phone.

Cancellation Policy: All requests for cancellations must be received in writing (sbur@affinity-strategies.com). If a written cancellation is received at the SBUR office prior to November 2, 2019, the registration fee, less a $100 administrative fee, will be refunded after the meeting. Refund requests after November 2, 2019 will not be honored.
New Orleans Downtown Marriott at the Convention Center, New Orleans, Louisiana

Experience the unbridled energy and unique charm of The Big Easy when you stay at New Orleans Downtown Marriott at the Convention Center. Housed in a renovated 19th century cotton mill and bordering the Warehouse/Arts District, the CBD, the Garden District and the French Quarter, our four-star hotel successfully blends historic elegance with modern style. Intuitively designed rooms offer deluxe bedding, flat-screen TVs and views of the river or city. Featured amenities include a gym, an outdoor pool, 24-hour room service and Wolfe’s, our popular restaurant featuring Creole and French favorites. Our hotel is a prime destination for business travelers, thanks to our flexible event venues and our proximity to the New Orleans Ernest Morial Convention Center, across the street. With so many New Orleans attractions and the Arts/ Warehouse District at your fingertips, you’ll never be short of things to do while you’re here. Make plans for a remarkable stay at New Orleans Downtown Marriott at the Convention Center.

Parking:
• Off-site parking, fee: 10 USD hourly, 30 USD daily
• Valet parking, fee: 39 USD daily
• Valet parking unavailable for oversized vehicles. Contact hotel valet for questions on alternate self parking options.

Internet:
• Guest rooms: Wireless, Wired
• High Speed: Check email + browse the Web for 10.95 USD/day
• Enhanced High Speed: Video chat, download large files + stream video for 14.95 USD/day
• Lobby and public areas: Complimentary Wireless
• Meeting rooms: Wireless, Wired

Restaurants:
• Local restaurant dinner delivery
• Room service, 24-hour Sundry/Convenience store
• Breakfast Buffet, fee from 19.00 USD
• Continental breakfast, fee from 12.00 USD
• Full American breakfast, fee from 16.00 USD

Wolfe’s (Creole) Get ready for a busy day in New Orleans with an energizing breakfast at our Warehouse District restaurant. Sample our contemporary Creole and French fare for lunch or dinner or enjoy evening cocktails at our elegant wine bar. Open for breakfast, lunch and dinner Dress code: Casual Phone: +1 504-613-2888

Wolfe’s Bar (American) Classic American and New Orleans food and beverages. Open for lunch and dinner Dress code: Casual

Starbucks® Stop by for your favorite coffee drink and treats as you head out for sightseeing or to events at the convention center near our downtown hotel. Grab a pick-me-up in the afternoon to recharge for an evening of fun in New Orleans. Open for breakfast and lunch. Phone: +1 504-613-2888
