

**Abstract and Travel Award Selection (ATAS) Committee:**

The duties of the ATAS committee include the review and scoring of all abstracts submitted prior to the closing date. Working closely with the committee chair, the committee members will recommend to the Executive Committee those individual that should be awarded a Travel Award and identify those that should present in the Plenary (fall meeting) that match a specific topic. The Chair of the ATAS will select four additional active Members to serve on the ATAS and is encouraged to include at least one Member who served on the previous year's ATAS.
